RELEVANT SKILLS

- Python
- C++
- JavaScript
- Java
- HTML
- CSS
- PHP
- GIT
- Laravel
- Android Studio
- Dart
- SQL
- Database Management
- Shell Scripting
- Socket Programing
- Cisco Packet Tracer
- GNS3

PROJECTS

FYP: Automatic X-Ray Report Generation

Using Tensor flow libraries in Python to generate reports
Using MERN stack for front end with functionalities of
hospital management system

Project U-Care

Mobile application for gym routine and self care using
Java in android Studio and Firebase as

Patient's Survival Analysis of Heart Attack data

MS Access for analyzing data
Python3 for algorithm implementation
Pre-Processing, feature subset selection (using CART, KNN),
extensive experimenting using Naive Bayes, KNN.

Automated Chess Game

PYgame for GUI
MinMax algorithm used in Python3 to generated best moves
against opponent

Hostel Managment System

Oracle Database (SQL for Database)
GUI using Qtcreator, C++ for logic
Adding, Deleting and Updating information of student against
the allocations

EDUCATION HISTORY

BS COMPUTER SCIENCE

Institution: FAST NUCES ISLAMABAD

Aug 2018 -

FSC (Pre-engineering)

Institution: Nusrat Jahan Academy

Boys College, Rabwah

Aug 2016 - May 2018

Matriculation

Institution: Nasir High Secondary

School, Rabwah

Aug 2014 - May 2016

INTRESTS & HOBBIES

• Football

• Table Tennis

• Rugby
